

TRINITY SCHOOL

GCSE results 2020

In 2020, at GCSE, over 80% of grades were 8 or 9 (A*), with over a third of students achieving a full set of these top grades, and 18 individuals achieving all 9s.

The announcement of the cancellation of all public examinations did not dampen students' determination to succeed, and their results replicate the excellent standard that Trinity students consistently achieve, year after year.
