## Curriculum Overview

### A range of subjects

Our curriculum is designed to give each individual student a suitable breadth and depth of opportunity in each year of study. The range of subjects available is appropriate to the overall high academic standards of our students.

In the early years, the emphasis is on acquiring skills in a wide variety of subjects. At GCSE and in the Sixth Form, the subjects available are designed to keep as many options open as possible in order to give each student an opportunity to study a broad range of academic or vocational subjects at university.

For each year group a comprehensive programme of PSHE, Citizenship, life skills and other enrichment opportunities is provided, including visiting speakers, industry conferences, residential courses, field days, business awareness days, team building, outward bound, and other activities.

The subjects currently available are summarised in the adjacent table.

### Key

CS	Core subject
O	Option
O <sup>2</sup>	Choose 2 of these options (Some conditions apply)
O <sup>3</sup>	Choose 3 of these options (Some conditions apply)
O <sup>4</sup>	Choose 4 of these options (Some conditions apply)
